

# THE VERSATILE ELITE ROOF PANEL

*We've Got You Covered*

PATIO COVERS CAR PORTS WALKWAY COVERS COMMERCIAL USES

Made from a high-density polystyrene core, designed to our specifications for superior strength and exceptional thermal insulation the Elite Roof Panel is the choice for homeowners, condo associations and commercial operations seeking a durable, insulated and attractive roof.

Elite Roof Panels can be manufactured to meet your needs and laminated using a variety of materials, including aluminum, steel, plywood or strand board.

Elite roof panels are structurally designed to allow the application of shingles, tile, architectural metal or other aesthetic covering. Decorative aluminum trim caps the ends for an eye-pleasing finish.

Best of all Elite Roof Panels have recently earned the Energy Star®. Products that earn the Energy Star meet strict energy efficient guidelines set by the United States Environmental Protection Agency and the U.S. Department of Energy.
